Resolution/Decision taken in the Meeting:

Resolution No. 1 Discussion regarding average students

The Teachers of the Sanskrit Department found during the classes that a good percentage of students of the department of Sanskrit are average in the studies. They are also, to a good extent, casual and inattentive in the class room. Therefore, it was resolved that teachers will provide extra attention and care to such students keeping in mind their career.

Resolution No. 2 Emphasis on attendance

There is a tendency among the students of the Sanskrit Department to bunk the classes in the College due to different causes. Sometimes, they are found occupied in their house-hold activities on account of adverse socio-economic reasons. Henceforth, it was resolved that students will be counselled about the importance of the attendance. If required, guardians will be called to the college to persuade them to send their wards to the college regularly.

As there was no other agenda, the meeting ended with a vote of thanks to the chair.

The honourable teachers of the Sanskrit Department unanimously decided to look into the matter of those students whose attendance was poor in comparison to the parameters set up by the College administration. It was also decided that the teachers will provide extra attention and care to such students keeping in mind their career.

Resolution No. 2 Emphasis on attendance

There is a tendency among the students of the Sanskrit Department to bunk the online classes due to different causes. Sometimes, they are found occupied in their house-hold activities on account of adverse socio-economic reasons or while attending online classes they raised network issues or illness issues. Henceforth, it was resolved that students will be counselled over phone calls about the importance of the attendance. If required, guardians will be contacted to enquire about the cause of the absence and to persuade them to attend their child to the online classes regularly.

As there was no other agenda, the meeting ended with a vote of thanks to the chair.

The honourable teachers of the Sanskrit Department unanimously decided to look into the matter of those students whose attendance was poor in comparison to the parameters set up by the College administration. It was also decided that the teachers will provide extra attention and care to such students keeping in mind their career.

Resolution No. 2 Emphasis on attendance

There is a tendency among the students of the Sanskrit Department to bunk the online classes due to different causes. Sometimes, they are found occupied in their house-hold activities on account of adverse socio-economic reasons or while attending online classes they raised network issues or illness issues. Henceforth, it was resolved that students will be counselled over phone calls about the importance of the attendance. If required, guardians will be contacted to enquire about the cause of the absence and to persuade them to attend their child to the online classes regularly.

As there was no other agenda, the meeting ended with a vote of thanks to the chair.

Resolution/Decision taken in the Meeting:

Resolution No. 1 Discussion regarding average students

The Teachers of the Sanskrit Department found during the classes that a good percentage of students of the department of Sanskrit are average in the studies. They are also, to a good extent, casual and inattentive in the class room. Therefore, it was resolved that teachers will provide extra attention and care to such students keeping in mind their career.

Resolution No. 2 Emphasis on attendance

There is a tendency among the students of the Sanskrit Department to bunk the classes in the College due to different causes. Sometimes, they are found occupied in their house-hold activities on account of adverse socio-economic reasons. Henceforth, it was resolved that students will be counselled about the importance of the attendance. If required, guardians will be called to the college to persuade them to send their wards to the college regularly.

As there was no other agenda, the meeting ended with a vote of thanks to the chair.
