**Resolution/Decision taken in the Meeting:**

**Resolution No. 1 Discussion regarding average students**

The Teachers of the Physical Education Department found during the classes that a good percentage of students of the department of Physical Education are average in the studies. They are also, to a good extent, casual and inattentive in the class room. Therefore, it was resolved that teachers will provide extra attention and care to such students keeping in mind their career.

**Resolution No. 2 Emphasis on attendance**

There is a tendency among the students of the Physical Education Department to bunk the classes in the College due to different causes. Sometimes, they are found occupied in their house-hold activities on account of adverse socio-economic reasons. Henceforth, it was resolved that students will be counselled about the importance of the attendance. If required, guardians will be called to the college to persuade them to send their wards to the college regularly.

As there was no other agenda, the meeting ended with a vote of thanks to the chair.
