MEDHA PURASKAR

We inspire our students by duly recognizing their efforts, in both academic and non-academic fields through awards for excellence & appreciation.

➤ **Expected Outcome:** The prize distribution ceremony which is held yearly is expected to encourage students to perform well and it expresses praise and appreciation to learners and informs them that their efforts will be recognized.

Report of the Event

According to the resolution taken by the faculty members at the beginning of the academic session 2022, the departmental award **Medha Purashkar** started its journey on and from 13th September, 2022. Honorable Principle and Coordinator Iqac appreciated highly initiative and advice to continue this award yearly.

The department decided to introduce **Medha Puraskar** for the meritorious student who will achieve the highest marks in the UG end semester examination, BKU. This initiative will be helpful to encourage the advanced students as well as the average student to work harder. The number of absentees will also be more manageable. The department also decided that the awardees will be awarded by the excellent certificate and edited book of the department.

For the corona pandemic our award giving procedure was not effective. So, we started the programme 2022, after publication the result of VI semester on August 2022.

REPORT OF DEPARTMENTAL QUIZ COMPETITION 2022-23

The Department Of Philosophy organized a thrilling and intellectually stimulating quiz competition on 28th February, 2023, from 12.00 PM to 2:00 PM. The event brought together three enthusiastic groups, each comprising four members, who showcased their knowledge and teamwork. The quiz competition featured four rounds, including general knowledge or current affairs, subject knowledge, a visual round, and a rapid-fire round, with each round testing the participants' knowledge, quick thinking, and teamwork. The event was conducted with fair rules and time limits to maintain a competitive yet friendly atmosphere. The winners of the Quiz were Sanchita Mandi, Sulekha Mandi, Suity Maji & Sangita Maji. The winners were awarded by Head of the Department of Philosophy Smt. Shapma Debnath. The winning team celebrates with cheers and high-fives, while the losing teams may feel disappointed. However, all participants learn from the experience and are proud of their efforts. All the activities of the Quiz Competition are well coordinated which was led by departmental faculty Mousumi Mandal. The Quiz Competition was a great success and definitely it will have encouraged students to participate in such competition in future.

Quiz Competition Outcome

The Objective behind to organize Quiz competition is to evaluate the knowledge of the participants within academics as well as beyond academics and to make them familiar with the prospects of quizzes and the objectivity of the questions. With practicing quizzes, students can do critical thinking, and get into a habit of innovative learning. These quizzes integrate the game mechanics into the learning process; they help students understand the weaker areas. Quizzes help students identify what they know and what they don't know. The students then have a better idea of how well they are grasping the material, hopefully motivating them to study more and helping them allocate their study time effectively by focusing on the information that still needs more practice. A questioning teacher creates incentives for students to learn more. Teacher sets up effective and definite goals for learning; giving oral or written examination is a good incentive for the students to study harder or to do better work. Quick quizzes throughout the day can help teachers assess the effectiveness of their instruction, as well as student understanding of the concepts taught. Teaching is changing. Today, there is more focus placed on equality and welfare, and supporting students through their learning.

Outreach Programme on Yoga Awareness

An Outreach Programme on Yoga Awareness was organized by the Department of Philosophy, Saltora Netaji Centenary College, on 8th May, 2022. The aim of that programme was to create mass awareness among the people about the role of Yoga. Departmental faculty Smt. Mousumi Mandal and Mr. Trilochan Paramanik spoke on the importance of Yoga for women and why importance should be given to practicing it to avoid further illnesses. Two faculty members with twenty students together had completed the work of survey. Students asked some questions to the women family members of Bannishola village, educating them about the various benefits of practicing yoga regularly, emphasizing its role in maintaining physical and mental health

The students were very active during the session. The survey session started at 10.am and continued till 1.00pm. After that refreshments were distributed among the students. They were all happy by their mind for being part of such a good deed. In this way the outreach program on Yoga awareness was successful with the combined effort of all.

The following problems are identified

1. They don't know how to follow healthy diet.
2. Most people do not drink enough water.
3. They don't know what supplements have to take for health regains purpose.
4. They don't know excess of food may lead to health problems.
5. Finally lack of awareness is the major problem.
