#### Mentor-Mentee Report of Bijan Chatterjee

As the students were notified earlier in the class room, I conducted a Mentor-Mentee session (2022-2023) with the 2<sup>nd</sup> semester (Hons.) student (list attached) on 12/04/2023 at 1.30 pm in the room no. 17.

As this was their first Mentor-Mentee session, the mentees were initially reluctant to share their problems. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their 2<sup>nd</sup> semester University examination and whether it was to be held in the online mode. I informed them that such a decision could be taken either by the affiliating University or The State Government. But I assured them whatever might be the examination mode, they would get enough time to prepare. In Addition, all kind of examination related help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me any kind of support or help.

### Mentor-Mentee Report of Bijan Chatterjee

As the students were notified earlier in the class room, I conducted a Mentor-Mentee session (2022-2023) with the 1<sup>st</sup> semester (Hons.) student (list attached) on 20/09/2022 at 1.30 pm in the room no.17.

As this was their first Mentor-Mentee session, the mentees were initially reluctant to share their problems. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their 1<sup>st</sup> semester University examination and whether it was to be held in the online mode. I informed them that such a decision could be taken either by the affiliating University or The State Government. But I assured them whatever might be the examination mode, they would get enough time to prepare. In Addition, all kind of examination related help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me any kind of support or help.
