### Mentor-Mentee Report of Dr Sandip Tikait

All the Students were notified earlier in the classroom, I conducted a Mentor-Mentee Session (2022-23) with the 3<sup>rd</sup> semester (Hons.) students (list attached) on 16/09/2022 at 3:00 pm in the room no.8.

As they had attended Mentor-Mentee session in previous academic session, they were eagerly waiting for the meeting. They had one common query regarding their writing quality. Mentees told me that since their school days they had been memorizing the answers of few questions and tried their best to write down the same in the examination. But that habit did not worked much as the question in the University Examination varied and they were not satisfied with their performance in the examination.

I explained them that earlier mere memorizing the text might be worked as it was only language based study but literature answers needed to be contextual as well as aesthetically ornamented. Therefore, I provided them some guidelines to improve their writing skills and insisted them to apply on regular basis. Enhancing vocabulary is the most important key factor for quality writing. Students must read English news paper daily to enhance their vocabulary. Mentees need to write their own every day as we know the proverb that practice makes man perfect. They can start writing dairy regarding their day to day experiences. Mentees became very enthusiastic and promised me to start writing daily dairy to record their memorable incidents. I also assured them that I am always available for them to check their writings whenever they feel so.

## Mentor-Mentee Report of Purbasha Mondal

As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2022-2023) with the 3<sup>rd</sup> semester students (list attached) on 16/09/2022 at 3:00 pm in the room no. 6(H).

I assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding the contribution to Wall Magazine and Annual College Magazine. The main object of that mentor-mentee session was to inspire the students to share their writings for Departmental Wall Magazine and Annual College Magazine. I tried to inspire all to write something. They could write, poetry, short story essays etc. I also told them not to be worry about the standard of writings. Once they started writing, they might be able to produce good literary works .All were impressed and promised to write something.

Before concluding the session, I insisted on them attending regular classes and also to be updated to different programs. They assured me that they would attend classes regularly and would also contact me for any kind of support or help.

## Mentor-Mentee Report of Rana Gorai

As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2022-2023) with the 3<sup>rd</sup> semester students (list attached) on 16/09/2022 at 3:00 pm in the room no. 4 (H).

As this was their first Mentor-Mentee session regarding a different Cultural Awareness Program during the Semester, the mentees were initially very much enthusiastic about it. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding the participation on different cultural programs of the college during the semester. I informed them that as they are part of the college and continuing their studies, side by side they can also develop their different types of creative skills by engaging themselves with different cultural programs. In Addition, all kinds of programs related to help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes and also to be updated to different programs. They assured me that they would attend classes regularly and would also contact me for any kind of support or help.

## MENTOR-MENTEE REPORT OF SUJIT DAS

This mentor-mentee session was conducted on 16/09/2022 at 3:00 pm in the room no. 2 (H) with my 3rd semester mentees to discuss various challenging aspects like their communication barrier, difficulty in academic writings and cope with the new classroom environment.

The session has started with them discussing their problems regarding their class room communication challenges. As they have come from Bengali medium schools, they are facing a great difficulty in the English language classroom. They could not be attentive in their classroom for that. They are facing problems to cope with the new classroom environment In college. They are also facing problems in understanding their lessons. I have told them to respond quickly in the classroom whenever they face any difficulty regarding their understanding. I have also assured them that they will be provided a lucid and easy explanation with vernacular language. They have also told me that they are also facing the problems regarding their academic writings. I have assured them that they will be helped by me in every aspect of their academic writings if they tell me in time.

The mentees had no other queries or problems to share with me for the day so I have concluded this session saying them again that I will be always there for them to solve their problems.

### Mentor-Mentee Report of Dr Sandip Tikait

All the Students were notified earlier in the classroom, I conducted a Mentor-Mentee Session (2022-23) with the 5<sup>th</sup> semester (Hons.) students (list attached) on 17/09/2022 at 3:00 pm in the room no.8.

As they had attended Mentor-Mentee session in previous academic session, they were eagerly waiting for the meeting. They had one common query regarding their future study and job opportunities.

As Mentees told me that they were very much confused with their future plan. What they would do after completion their graduation? They would pursue higher studies or go for competitive examination for government jobs like Civil Service Examination, Railways and Bank or may be go for some career oriented studies like law, Journalism, MBA, Hotel Management and so on. I listened to them very carefully and explain every possible prospect. There are teaching and research opportunities as well as Students who would go for PG courses in English research as well as teaching in the University and this was their first Mentor-Mentee session, the mentees were initially reluctant to share their problems. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2022-2023) with the 5th semester students (list attached) on 17/09/2022 at 3:00 pm in the room no. 4 (H).

As this was their second Mentor-Mentee session about attending the classes regularly to secure 75%+ attendance, the mentees were initially reluctant to share their problems. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding attendance in the college. I informed them that as a huge syllabus is taken by the University to upgrade the minds of the students, they have to attend regular classes to complete the syllabus on proper time and to improve their knowledge. They also have a problem with communication as buses are not available. In Addition, I informed them that all kinds of communication related help would be provided by the college. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes and to focus on their study. They assured me that they would attend classes regularly to secure 75%+ attendance and would also contact me for any kind of support or help.

## MENTOR-MENTEE REPORT OF SUJIT DAS

This mentor-mentee session was conducted with the 5<sup>th</sup> semester students on 17/09/2022 at 3:00 pm in the room no.2 (H) to discuss about their creative writing skills and various modes of creative writing.

This mentor-mentee session had started discussing their various creative writing skills. At first I asked them whether they could write any poem, short story, fables, essays etc. They were very shy at first. I have told them the importance of creative writing. I have told them that creative writing skill is a very good habit for the students to develop their academic career. I have told them that I know very well that they could write poems and other like writings but not want to share with anyone. They started laughing and at last admitted that they write so. I have told them creative writing skills will give them a feeling of self-creation. I have discussed with them the modes and ways that will help to write creative writings. Their personal experiences regarding travel, dream and day to day incidents can be a subject of creative writing.

The mentees assured me that they will definitely write I was so happy that I could convince them to do so. I have also assured that I will be always there for them if they need any help or proof correction. This session ended here.

### Mentor-Mentee Report of Dr Sandip Tikait

All the Students were notified earlier in the classroom, I conducted a Mentor-Mentee Session (2022-23) with the 1<sup>st</sup> semester (Hons.) students (list attached) on 15/09/2022 at 3:00 pm in the room no.8.

As this was their first Mentor-Mentee session, the mentees were very much curious about the meeting. I explained the purpose of the meeting as well as told them about the importance of their active participation. In this meeting Mentees could freely share their academic problems as well as other doubts and queries. I also told them that they may be opted for any separate session for individual and private discussion as per requirement. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their 1<sup>st</sup> Semester about the Internal Assessment and University examination. I gave them a clear idea of the question pattern and explained in details the techniques to write a standard answer to get good marks in the examination. And I further encouraged them to consult the reference books in the library and follow the online resources to prepare their 10 marks question. I assured them that they are free to share their any problems with me and insisted the Mentees to attend regular classes. The meeting was ended with their assurance of attending classes regularly and would contact me as and when they needed for any help or support.

## Mentor-Mentee Report of Rana Gorai

As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2022-2023) with the 1<sup>st</sup> semester students (list attached) on 15/09/2022 at 3:00 pm in the room no.4 (H).

As this was their first Mentor-Mentee session about Internal Assessment and marks pattern, the mentees were eager to know the process of Internal Assessment. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding Internal Assessment and question pattern. I informed them that Internal Assessment is taken in college by the individual departments and the question paper will be based on their covered syllabus. 10 marks paper will be set by the department. So they no need to worry about that as they will get questions out of the covered syllabus. I also informed them that in that case, they have to attend regular classes to complete the syllabus on proper time and to improve their knowledge. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes and to focus on their study. They assured me that they would attend classes regularly and they would also contact me for any kind of support or help.

The primary query of all members present was regarding their 1<sup>st</sup> Semester about the Internal Assessment and University examination. I gave them a clear idea of the question pattern and explained in details the techniques to write a standard answer to get good marks in the examination. And I further encouraged them to consult the reference books in the library and follow the online resources to prepare their 10 marks question. I assured them that they are free to share their any problems with me and insisted the Mentees to attend regular classes. The meeting was ended with their assurance of attending classes regularly and would contact me as and when they needed for any help or support.

## MENTOR-MENTEE REPORT OF SUJIT DAS

As the mentees were notified in their classroom regarding a Mentor-Mentee session, I have conducted a session with 1<sup>st</sup> semester students (2022-23) on 15/09/2022 at 3:00 pm in the room no.2 (H).

I have started the session with them discussing their individual progress and development and the problems faced by them during this process. All of them informed me about their progress and the impression was much satisfactory. But the problems they are facing most is that their mode of travel and communication problems. They have informed me that as most of them are coming from village or suburban areas they do not get a fair amount of transportation for coming to the college. Lack of communication is the most severe problem as it was revealed during our session. This communication problem pushing the mentees to face a great difficulty to pursue the teaching learning process and their academic progress is hindered by a great extent for this.

I have concluded the session with no much solution but by some vocal tonic. I have tried to inspire them that if they do not toil much to attend something, they will not get that sweet fruit as they want. I have also reminded them that hard work is the essence of all success. I have also told them that may be in near future this problem related to transport might be subsidized.

### Mentor-Mentee Report of Dr Sandip Tikait

All the Students were notified earlier in the classroom, I conducted a Mentor-Mentee Session (2022-23) with the 2<sup>nd</sup> semester (Hons.) students (list attached) on 24/02/2023 at 3:00 pm in the room no.8.

As they had attended Mentor-Mentee session in previous academic session, they were eagerly waiting for the meeting. They had one common query regarding their communication skills. Mentees told me that since their school days they had been memorizing the answers of few questions and tried their best to write down the same in the examination. And the teachers most of the time taught them in bilingual method or better to say that they just translated the text into their mother tongue. So, they did not get opportunities to communicate in English. They always communicated to the teacher as well as to fellow classmates. Now they have been facing problem to communicate since 1<sup>st</sup> semester of their graduation course. Sometimes they fail to grasp the class lectures also. During the interactive session in the classroom situation they fail to put their queries due to their lack of communication.

I explained them that translation method in communication won't work. Therefore, I provided them some guidelines to improve their communication skills and insisted them to apply on regular basis. Enhancing vocabulary is the most important key factor for communication. Students must read English news paper daily to enhance their vocabulary. Listening English news like BBC or other English news of our country would help to communicate in a proper manner because listening and understanding are the prime important steps in communication. So, Mentees need to follow the news and the way of expressions as well as pronunciation for better communication. And thereafter mentee need to talk in English among the classmates as well as to the teacher. They need to come out from the fear and hesitation grammatical mistakes. Mentees need to practice to think in English and express the thought in English for better communication. I remind them that practice makes man perfect. Mentees became very enthusiastic and promised me to follow my guidelines to improve their communication skill.

I also asked them if they required a separate for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

### Mentor-Mentee Report of Purbasha Mondal

As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2022-2023) with the 2<sup>nd</sup> semester students (list attached) on 24/02/2023 at 3:00 pm in the room no. 6(H).

I asked them to share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

Communication in English was the primary query of all students of the 2<sup>nd</sup> Semester. They wanted to know how to overcome the situation. As they all are from Bengali Medium Curriculum. And they learned English through translation. So, I suggested some guidelines to enhance their communication skill in English. They have to talk compulsorily in English in the classroom without any fear error. Through the habit of speaking in English, the communication skill would develop. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me for any kind of support or help.

## Mentor-Mentee Report of Rana Gorai

As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2022-2023) with the 2nd semester students (list attached) on 24/02/2023 at 3:00 pm in the room no. 4(H).

I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their 2nd semester Syllabus and Marks division as they are getting one additional core paper with SEC (Skill Enhancement Course). I informed them that such a syllabus is taken by the University to upgrade the minds of the students and the marks division pattern is the same. But I assured them whatever might be the syllabus and the pattern of marks division; they would get enough time to prepare. In Addition, all kinds of examination related help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me for any kind of support or help.

## MENTOR-MENTEE REPORT OF SUJIT DAS

This mentor-mentee session (2022-23) was conducted on with the 2<sup>nd</sup> semester mentees (list attached) on 24/02/2023 at 3:00 pm in the room no. 2(H) to discuss about their contribution to the departmental wall magazines and annual college magazine.

The session started and I have told all my mentees that they will have to contribute for the departmental wall magazines in every semester. They were also told that they will have to contribute for the annual college magazine. They were very eager to do so. I have told them that departmental wall magazines are very vital part of our department. Every academic session we publish our departmental magazines and some honorable persona inaugurate our wall magazine. This will be a great platform for the mentees to display their individual creative writing skills. They can also publish their writings in annual college magazine in book form.

The mentees became very excited and eager to contribute for the aforesaid magazines without fail. I have convinced them that I will be always there for them to correct any kind of errors in their writings. They have promised me to do so. This session ended with a positive note.

Mentees told me that since their school days they had been memorizing the answers of few questions and tried their best to write down the same in the examination. But that habit did not worked much as the question in the University Examination varied and they were not satisfied with their performance in the examination.

I explained them that earlier mere memorizing the text might be worked as it was only language based study but literature answers needed to be contextual as well as aesthetically ornamented. Therefore, I provided them some guidelines to improve their writing skills and insisted them to apply on regular basis. Enhancing vocabulary is the most important key factor for quality writing. As they had attended Mentor-Mentee session in previous academic session, they were eagerly waiting for the meeting. They had one common query regarding how to consult library books in reference to their text. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

I informed them that a good number of syllabus oriented books and reference books are there in the college library. In the study room of the library, internet connected computers are there to use the online resources. Students have to visit library in their spare time. They have to learn from the librarian the process of book searching through computer catalogue. They may search their respective topic on inflibnet also. Just they need to make habit to visit the college library on daily basis to study the reference books and make notes from those. And if they face any kind of problem regarding book searching, librarian is always there to provide any kind of help. The Mentees had no other query or problem to share or discuss.

As this was their second Mentor-Mentee session about attending the classes regularly to secure 75%+ attendance, the mentees were initially reluctant to share their problems. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding attendance in the college. I informed them that as a huge syllabus is taken by the University to upgrade the minds of the students, they have to attend regular classes to complete the syllabus on proper time and to improve their knowledge. They also have a problem with communication as buses are not available. In Addition, I informed them that all kinds of communication related help would be provided by the college. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes and to focus on their study. They assured me that they would attend classes regularly to secure 75%+ attendance and would also contact me for any kind of support or help.

In the study room of the library, internet connected computers are there to use the online resources. Students have to visit library in their spare time. They have to learn from the librarian the process of book searching through computer catalogue. They may search their respective topic on infibnet also. Just they need to make habit to visit the college library on daily basis to study the reference books and make notes from those. And if they face any kind of problem regarding book searching, librarian is always there to provide any kind of help. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me for any kind of support or help.

MENTOR-MENTEE REPORT OF SUJIT DAS

This mentor-mentee session was conducted on 25/02/2022 at 3:00 pm in the room no. 2(H) with my 4<sup>th</sup> semester mentees as they were notified earlier in their class to discuss how write answers in the examinations and how to secure good marks.

The session started and I started to tell them that to get a good mark in the examination is not very difficult. They will have to write neatly and to the point. They should only write what is asked and not anything excess. For the short questions they should write only the answer and should not overindulge the answer with words. For broad questions I have instructed them to write very neatly and cleanly the topics related to the questions. They should maintain a proper sequence while writing the broad answer type questions. They should use critical commentary at the end of the answer very diligently.

They have asked me what they should do if they get any unknown questions. I have assured them that the chance of unknown question is not rare but they should at first select the questions that they know well. And if there is no other option but to answer the unknown questions then they should keep the calmness and write whatever they know regarding the topic that is asked. I have also reminded them that it will be challenging but it will be a scope for them to show their writing skill as well. They became convinced and I have again assured them that they would be able to answer all the questions as they have completed their syllabus well. This session ended here and the mentees felt relaxed.

**Mentor-Mentee Report of Dr Sandip Tikait**

All the Students were notified earlier in the classroom, I conducted a Mentor-Mentee Session (2022-23) with the 6<sup>th</sup> semester (Hons.) students (list attached) on 22/02/2022 at 3:00 pm in the room no.8.

As they had attended Mentor-Mentee session in previous academic session, they were eagerly waiting for the meeting. They had one common query regarding their future study and job opportunities.

As Mentees told me that they were very much confused with their future plan. What they would do after completion their graduation? They would pursue higher studies or go for competitive examination for government jobs like Civil Service Examination, Railways and Bank or may be go for some career oriented studies like law, Journalism, MBA, Hotel Management and so on. I listened to them very carefully and explain every possible prospect. There are teaching and research opportunities as well as Students who would go for PG courses in English research as well as teaching in the University and this was their first Mentor-Mentee session, the mentees were initially reluctant to share their problems. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me any kind of support or help.

## MENTOR-MENTEE REPORT OF SUJIT DAS

As the mentees were notified in their classroom regarding a Mentor-Mentee session, I have conducted a session with the 6<sup>th</sup> semester students (list attached) on 22/02/2022 at 3:00 pm in the room no.2 (H).

In this Mentor-Mentee session so the mentees were present to share their issues with me and I was there as always to clear their problems freely without having any hesitations. This time they told me that they were very nervous about their future and job placement opportunities after completing their courses. I have assured them that there would be many paths for them in near future. I have told them to clear their individual complications. They have told Me that they were all in need of a job in future to protect their families. I have told them to complete their study first and to prepare themselves better for competitive exams. I have also told them that they would have many government and private sectors to fulfill their dreams. Primarily the mentees were very excited but I have reminded them that such opportunities depend on their performance and experience I have also assured them that whatever might be, they would surely get enough time to prepare themselves. I have also informed and assured them that for any kind of job related examinations help and support I will be there to help them. The mentees had no more queries or problems to discuss or to share for that time. I have also told them to contact me personally for any kind of assistance or help before concluding the session. I have also insisted them to attend the classes regularly and they have assured me that they would do so.

## MENTOR- MENTEE REPORT OF SUJIT DAS

This session was conducted on 24/02/2022 at room no 2(H) at 3:00 pm. with all my mentees of 2<sup>nd</sup> semester to discuss some urgent issues related to their academic progress and development and its hazards.

I have started the session with them discussing their individual progress and development and the problems faced by them during this process. All of them informed me about their progress and the impression was much satisfactory. But the problems they are facing most is that their mode of travel and communication problems. They have informed me that as most of them are coming from village or suburban areas they do not get a fair amount of transportation for coming to the college. Lack of communication is the most severe problem as it was revealed during our session. This communication problem pushing the mentees to face a great difficulty to pursue the teaching learning process and their academic progress is hindered by a great extent for this.

I have concluded the session with no much solution but by some vocal tonic. I have tried to inspire them that if they do not toil much to attend something, they will not get that sweet fruit as they want. I have also reminded them that hard work is the essence of all success. I have also told them that may be in near future this problem related to transport might be subsided.

### Mentor-Mentee Report of Purbasha Mondal

As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2021-2022) with the 4<sup>th</sup> semester students (list attached) on 23/02/2022 at 3:00 pm in the room no. 6(H)

As this was their first Mentor-Mentee session, the mentees were initially reluctant to share their problems. At first I attempted to make them understand about the relevance of such a meeting. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their 4<sup>th</sup> semester University examination and whether it was to be held in the online mode. I informed them that such a decision could be taken either by the affiliating University or The State Government. But I assured them whatever might be the examination mode; they would get enough time to prepare. In Addition, all kinds of examination related help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me for any kind of support or help.

## Mentor-Mentee Report of Rana Gorai

As the students were notified earlier in the classroom, I conducted a Mentor-Mentee session (2021-2022) with the 4th semester students (list attached) on 23/02/2022 at 3:00 pm in the room no.4 (H)

As this was their first Mentor-Mentee session, the mentees were initially reluctant to share their problems. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their 4th semester Syllabus and Marks division as they are getting one additional core paper with SEC (Skill Enhancement Course). I informed them that such a syllabus is taken by the University to upgrade the minds of the students and the marks division pattern is the same. But I assured them whatever might be the syllabus and the pattern of marks division; they would get enough time to prepare. In Addition, all kinds of examination related help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

Before concluding the session, I insisted on them attending regular classes. They assured me that they would attend classes regularly and would also contact me for any kind of support or help.

## MENTOR - MENTEE REPORT OF SUJIT DAS

This mentor-mentee session has been conducted on 23/02/2022 at 3:00 pm in the room no.2 (H) as per the notification to the students of Semester 4<sup>th</sup> in the class room.

In this session all my mentees were present to discuss with me various queries regarding their internal examination, its mode and pattern. They were very nervous about their oncoming internal examination. I have tried to convince them that it not would be a great worry for them. They would be asked or there would be no questions outside their syllabus as covered till date. I have also informed them that they should maintain their 75% attendance in the class and they have to come to the college regularly to do well in the internals. I assured them that whatever might be the mode of exam they would get enough time to prepare well for their examination.

The mentees were relieved much after the session and they told me that they would be regularly attend their classes to do well in the internal examinations. They had no more queries for the day so I have concluded the session reminding them that for any kind of assistance they could easily contact me as usual.

### Mentor-Mentee Report of Dr Sandip Tikait

All the mentees of my group were notified earlier in the classroom. I conducted a Mentor-Mentee Session (2021-22) with the 6<sup>th</sup> semester (Hons.) students (list attached) on 25/02/2022 at 3:00 pm in the room no.8.

As this was their first Mentor-Mentee session after Covid, the mentees were initially hesitant to share their problems. I explained them the idea of Mentor-Mentee and assured them that they could feel free to talk with me about their personal or academic problems to clear their doubts as well as queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their 6<sup>th</sup> semester University examination and whether it was to be held in the online mode in post Covid situation. I informed them that such a decision could be taken either by the Bankura University or The State Government. But I assured them whatever might be the mode of examination, they would get enough time to prepare. In Addition, all kind of examination related help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

As this was their first Mentor-Mentee session about Career Opportunities after the Semester, the mentees were initially very much confused about their career. I started by giving them an idea of the concept of Mentor-Mentee and assured them that they could share their problems, academic or otherwise, with me and clear their doubts and queries. I also asked them if they required a separate session for individual and private discussion. They confirmed that they would ask me for a private session if they felt the need at a later date.

The primary query of all members present was regarding their career after completing the semester. I informed them that as they are completing the semester, they can go for higher studies or else they can also choose many comparative studies for job opportunities. But I also assured them that if they want to go for comparative studies, they can also continue their higher study; they would get enough time to prepare. In Addition, all kinds of examination related help would be provided by the institution and the department. The Mentees had no other query or problem to share or discuss.

## MENTOR-MENTEE REPORT OF SUJIT DAS

As the students were notified earlier in the classroom regarding the Mentor-Mentee session (2021-22), I have conducted a session with 6<sup>th</sup> semester on 25/02/2022 at 3:00 pm in the room no.2 (H).

This was their first Mentor-Mentee session so the mentees were initially very hesitant to share their issues with me. I have tried to clear the idea of Mentor-Mentee to them and assured them that they could share their problems, academics or otherwise, freely with me without having any hesitations. I have assured them that I would be always there for them to clear their doubts and queries. They have confirmed me that they would surely ask me. Primarily the mentees had the queries regarding their External University Examination and time of examination. I have informed them that it is dependent on the affiliating university. I have also assured them that whatever might be, they would surely get enough time to prepare themselves. I have also informed and assured them that any kind of examination related help and support would be provided to them by the institution and our department. The mentees had no more queries or problems to discuss or to share. I have also told them to contact me personally for any kind of assistance or help before concluding the session. I have also insisted them to attend the classes regularly and they have assured me that they would do so.
